DENTAL HYGIENE PROGRAM

FROM PARMA TO LEADING POSITIONS

Parma has been a “celebrated seat of learning” since the 11th century, attracting students from countries beyond the Alps. In the 16th century the House of Farnese founded in Parma one of the most prestigious University colleges ever seen in Italy..

UP-TO-DATE STRUCTURES AND SERVICES

The University of Parma has been able to maintain its vitality for a thousand years thanks to its key capacity of constantly keeping up with the times. Nowadays, the results of such success are evident in every department, through its links with the world of work, its technological facilities and its excellent research activities.

PARMA-A FRIENDLY CITY FOR MODERN LIVING

Busy but not chaotic, tidy but not boring, Parma is a perfect combination of **beauty and efficiency**: a **pleasant medium-sized city** of about 197,000 inhabitants where riding a **bicycle is the ideal way to get around SO MUCH TO SEE,TO DO, TO DISCOVER**

Parma offers a wide range of cultural and entertainment opportunities all year round .about twenty theatres and cinemas, exhibitions, museums and art galleries where you can admire the local masterpieces.**Music has a leading role in the city**, with the Verdi Opera Festival or the International Jazz Music Festival, rock con- certs and performances in the modern Pa- ganini Auditorium designed by the well-k- nown architect Renzo Piano.

“**PARMA UNIVERSITY CITY** “is a joint project between the University and the municipali- ty of Parma with the aim of making Parma a more and more suitable city for university students,

The University of Parma , is organizing a Dental Hygiene Program in English .The course is organized in 3 academic years ,180 CFU,inclusive of two semesters per year.This will allow the students to be exposed to the theoretical and scientific foundations of the profession and become skillful in clinical practice within the professional environment of the teaching of the University Dental Center.

Three learning areas can be identified in the program:Preparatory Sciences, Interdisciplinry Medical Sciences ,Applied Technical Sciences together with clinical training.Learning will be offered in a timely and structured manner.ùthe program is mainly oriented to expose students to an international environment and to promote excellence in oral health education,research and practiceThe Dental Hygienist has a key role as provider of individual preventive oral health care ,but also can play an important part in public health and social responsibility programs to improve oral health of communities and individuals.Exposure to to different international settings will be extremely important for the acquirment of abilities to adapt to various situations.
